Attenzione in ogni dettaglio

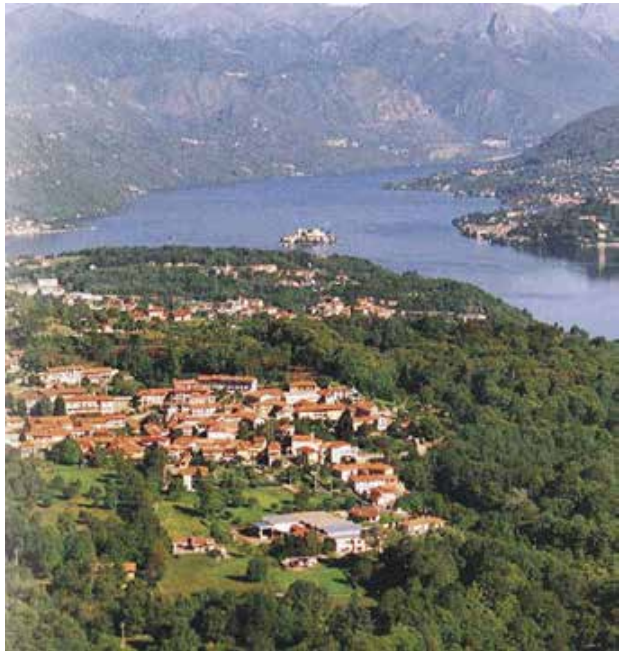

La forza della tradizione, che sa accompagnarsi al servizio, e al concetto di qualità, che sempre più i clienti associano al made in Italy.

Ci sono passione, voglia di innovare, di crescere e di non lasciarsi fuorviare da facili "richiami cinesi" nel lavoro quotidiano della Rubinetteria Bugnatese, l'azienda di Bugnate di Gozzano (No) fondata da Cipriano Marietta nel 1950.

Grossisti, show-room ed idraulici sanno che ogni componente di rubinetteria per la sala da bagno o la cucina che viene progettata dalla famiglia Marietta è nel segno del design e della cura del particolare, e si sposa con il gusto contemporaneo dei clienti finali.

Tra le tante evoluzioni che l'azienda avrebbe potuto seguire, per rimanere competitiva e affrontare i cambiamenti del mercato, Rubinetteria Bugnatese ha scelto quella più intelligente, all'insegna dell'innovazione e del design. Guidata dagli eredi Marietta, prima da Gianfranco, poi dai figli Lorena e Gabriele, quando si è trattato di competere sui mercati internazionali, non si è tirata indietro e ha accettato la sfida. Il risultato? L'alta qualità italiana è stata portata in tutto il mondo.

Attention to each detail

The strenght of tradition, the service and the concept of quality are associated to the made in Italy by every much foreign customers.

Bugnatese puts passion, the wish to innovate and to grow. In particular, Bugnatese is a company situated in Bugnate and founded by Cipriano Marietta in 1950, and doesn't mislead to the chinese call during its daily work.

Wholesalers, show-room and plumbers know that each tap for bathroom and kitchen area designed by Marietta's family, is focused on design and the attention to each detail. Moreover, Bugnatese's taps are combined with temporary taste of final customers.

Among the many developments of the market, Bugnatese has chosen the intelligent way based on design and innovation, in order to remain competitive and to face market changes. The company is guided by Marietta heirs, in particular, before by Gianfranco and then by his daughter and son (Lorena and Gabriele). When the firm has to compete in international markets, it has accepted the challenge. The result was the italian high quality, that was brought to all over the world.

Nuovi modi di vivere il bagno

Oggi l'azienda realizza il 70% del fatturato fuori dall'Italia. I progetti sono altisonanti, si va dai più blasonati hotel di Dubai ai palazzi del Barhein, a prestigiose residenze italiane ed alberghi in Europa ed in Italia.
In ogni location, Bugnatese sa esprimere il proprio stile al bagno e alla cucina: i rubinetti non sono più semplici strumenti ma oggetti di design capaci di trasformare un ambiente, di giocare con la sua spazialità, di impreziosire una camera, sia essa di una residenza privata o di una struttura ricettiva. Il catalogo, composto di ben 28 serie, comprende referenze classiche, tradizionali, che osano con i richiami neobarocchi o giocano con il minimalismo.

Today the company realize the 70% of its profit outside Italy. Projects are high-sounding, from blazoned hotels of Dubai to buildings of Barhein and italian prestigious residences. In each location, Bugnatese impresses its style to the bathroom and to the kitchen area: taps are no longer simple instrument, but objects of design that can transform a room, play with its spatially, make precious a room, both a private residence and hotel accomodation. The catalogue, compound by 28 series, includes classical and traditional references, that dares with calls neo-Baroques or plays with minimalism.

ECOSAVE

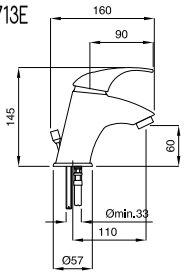

La cartuccia ECOSAVE permette di ridurre notevolmente il consumo dell'acqua. Con il primo step si ha un'erogazione di circa 4 litri al minuto, alzando ulteriormente la leva si ottiene l'erogazione massima di 17 litri al minuto.

The ECO-CARTRIDGE enables the reduction of water consumption. The first locking position gives a water supply of roughly 6 litres per minute; subsequently lifting the lever you will obtain maximum water supply.
